ARCTIC VOYAGE TO GREENLAND AND ICELAND

21 nights from **£1889**pp

Sailing date: Tuesday 21st June 2022 - A12209

OVERVIEW

Join us as we discover the landscapes of Greenland and Iceland with special star guests, polar experts and award-winning explorers, Louis Rudd MBE, Ann Daniels and Wendy Searle, all here to encourage more people to pursue their ideas and become adventurous role models. We have ORCA, a charity that's entirely dedicated to studying and protecting whales, dolphins and porpoises in UK and European waters, with two expert environmentalists on board to make sure no viewing of the incredible wildlife is missed. ORCA is passionate about people and is dedicated to combining accessible marine education with their conservation activities - giving ordinary people opportunities to take an active role in marine science and conservation. The team will be providing lectures on whales, dolphins, porpoises and other marine conservation issues as well as workshops on spotting whales and dolphins. There will be drop-in sessions to discuss wildlife topics as well as specially escorted excursions. We have wildlife commentaries in the seaview lounges and public address systems, deck watches during daylight hours, and teams working on public decks to help guests spot wildlife whilst recording real scientific data to protect marine life. It will certainly be a cruise like no other!

WE ARE DELIGHTED TO BE JOINED ON THIS UNIQUE CRUISE BY:

Ann Daniels

Record Breaking Polar Explorer Ann Daniels is the first woman in history, along with teammate Caroline Hamilton, to reach the North Pole and the South Pole. Although she had no previous outdoor experience and was a mother of 18-month-old triplets, she beat off over 200 other women on a tough Dartmoor selection weekend to join the first team of the McVities Penguin Polar Relay. Ann has led three major scientific expeditions on the Arctic Ocean, working with scientists to better understand the problems facing the fragile Arctic Ocean. Her achievements have been recognised and awarded by many, including: The Guinness Book of Records, The Pride of Britain Awards and The Women of the Year Awards. Furthermore, Ann has earned the Freedom of Yeovil Town and has received an honorary degree from Exeter University. The Times says, "Ann is living proof that humans really can reach new peaks."

WE ARE DELIGHTED TO BE JOINED ON THIS UNIQUE CRUISE BY:

Louis Rudd MBE

Louis Rudd MBE is a record-breaking polar adventurer, expedition leader, former Royal Marine Commando and SAS soldier, with 34 years of service. He is the first – and only – person to have traversed Antarctica twice using human power alone and has reached the South Pole three times from different coastal start points. He is a member of the exclusive Explorers Club, a Published Author and accomplished Public Speaker. Louis served for over three decades in the military, joining at the age of 16 as a soldier and rising through the ranks to Regimental Sergeant Major (RSM), before commissioning as an Officer. As well as serving in Northern Ireland, The Balkans, Iraq and Afghanistan, he has completed multiple cold-weather tours in Norway and the Arctic circle. In 2018/19 he undertook the ‘Spirit

of Endurance’ expedition, which was a 56-day, 920-mile solo unsupported (no kites or resupply) crossing of the Antarctic continental land mass, becoming the first Briton and second ever in the world to complete this journey. He is an Ambassador for ABF The Soldiers’ Charity, a Fellow of the Royal Geographical Society and Director of Expeditions for Shackleton London.

Wendy Searle

An ordinary person, with an extraordinary drive to succeed. A mother of four, Wendy Searle had a full-time job as a civil servant. When she came up with the idea of skiing solo to the South Pole, she had no money, no time and no experience. What followed was an epic journey in every sense. Commitment, resolve and focus on the long-term goal brought rewards. On January 8th, 2020, Wendy reached the South Pole in just 42 days, becoming only the seventh woman in history to do that journey. She hopes that others can relate to the juggle of managing everyday life with making your big dreams a reality. She hopes to inspire others to pursue things wholeheartedly and adopt a positive mindset in everything. A former journalist and speechwriter, Wendy has a solid portfolio of

media appearances (Guardian/ObsERVER, Telegraph, Women’s Health), public-speaking experience and a growing social media following. Appearing on popular podcasts such as Tough Girl and Well Far (run by the Women’s Health digital editor), Wendy’s social media is focused on empowering women, on fitness, and on overcoming challenges.

CRUISE DETAILS

Arctic Voyage to Greenland and Iceland

21 nights from **£1889pp**

Sailing date:
Tuesday 21st June 2022 - A12209

Experience the outer reaches of the Arctic Circle to the land of the Inuit and ice.

Prepare to leave the world you know behind for three weeks as you explore the magnificent Arctic landscapes of Iceland and Greenland. Your expectations will be confounded as you discover that Iceland is largely lush and green whilst Greenland is wreathed in ice, like some mythical land from a fantasy novel. Jagged mountains and awe-inspiring glaciers are interspersed with tiny rustic settlements on the world's largest island, which is one of the most remote outposts of humanity – a place where man confronts the elements in an endless vista.

Reykjavik

Part-old Norse, part-modern city, Iceland's capital is both quirky and cosmopolitan. Brightly coloured houses create unique streetscapes, whilst further afield vast lava fields, bubbling mud pools, crashing waterfalls and spouting geysers will fire your imagination.

Qaqortoq

South Greenland's largest town was founded in 1775 and is famed for its colonial-style architecture. Its charming town square houses Greenland's oldest fountain, whilst historical relics discovered in the area stretch back more than 4,000 years.

Narsarsuaq

Narsarsuaq is located close to Brattahlid, the farm of tenth-century Viking explorer Erik the Red. It is also home to the Greenlandicum Arboretum, a nature reserve hosting more than 110 rare species of tree..

INTRODUCING AMBIENCE

Here she is, our flagship of the fleet, our first lady of the sea: Ambience. Derived from the French word for ‘surrounding’, our ambition at Ambassador is to create the optimum atmosphere on board; one that brings out the best in each of us. The perfect ambience.

With an average 1,400-guest capacity and careful configuration, she offers both a feeling of spaciousness and freedom, whilst retaining that sense of intimacy and camaraderie we each crave; it’s whatever makes you comfortable.

Entertainment-wise, she really will spoil you for choice. Let your hair down at the Observatory and bring out your finest ensembles for The Palladium. Whether you like it shaken or stirred, she has numerous bars to whet your whistle, including Raffles Bar, Botanical Lounge, SW19 and The Purple Turtle Pub.

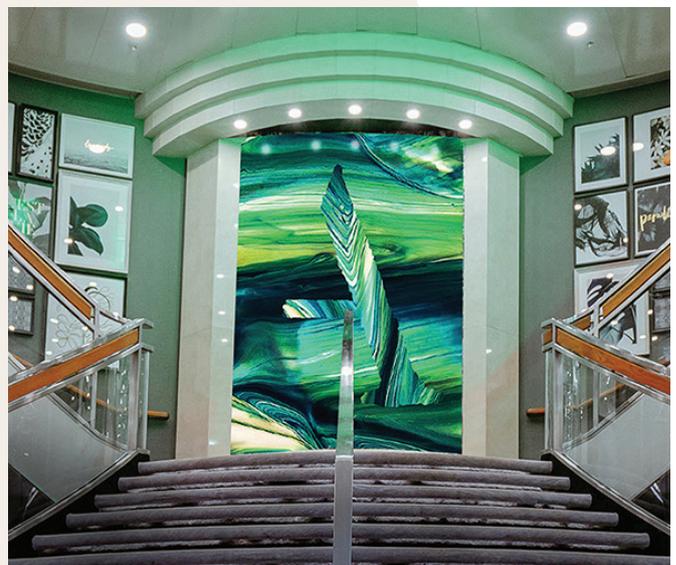

Dining options are plentiful at our Buckingham restaurant or the Borough Market, with plentiful cuisine options, and for those wanting to soak in nature’s glory, we have our glorious Alfresco Grill. Wining and dining are more than fine at Saffron*, Sea & Grass* or our deluxe Chef’s Table*, where we offer a speciality gastronomic experience that’s not to be missed.

Put your best cards forward at Aces & Eights bridge and card room and the Ambassador Casino, or revive and renew at the gym and Wellness Centre. Other facilities include Kapoor’s, our on board crafting studio, Brontë’s library, the shopping galleria, not to mention two swimming pools, four hot tubs and a large screen for outdoor movies. Sound good?

Ambience’s maiden season commences 6th April 2022 to Hamburg from London Tilbury.
